How the Factbook is Organized

The Hampden-Sydney College Factbook is organized to present data on the student experience from application to graduation. Subsequent sections address faculty, the library, facilities, and budget data.

This iteration captures the Fall 2024 semester, as well as the 2023-2024 fiscal and academic years when applicable. The 2023-2024 year runs from July 1 to June 30 to align with the Integrated Postsecondary Education Data System (IPEDS), State Council of Higher Education for Virginia (SCHEV), and Common Data Set (CDS) calculations. Because this report depends on data H-SC submits to IPEDS, SCHEV, and CDS, the Factbook is produced in the Spring semester of each calendar year. When possible, multiple years of data are provided to give a historical perspective. When data is utilized from an external source, it is notated as such.

H-SC Mission Statement

Hampden-Sydney College seeks to form good men and good citizens in an atmosphere of sound learning.

Carnegie Classification

Hampden-Sydney College is classified as Carnegie Baccalaureate College, Arts & Sciences.

Accreditation

Southern Association of Colleges and Schools Commission on Colleges

Hampden-Sydney College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate degrees. Hampden-Sydney College also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Hampden-Sydney College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

Hampden-Sydney was first accredited by SACSCOC in 1919, and in 2017, the College's accreditation was reaffirmed through 2027. The College's most recent Fifth-Year Report was completed in Fall 2022 with no findings. The next 10-Year Reaffirmation is in 2027.

Specialized Accreditation

Hampden-Sydney College maintains two specialized accreditations: the American Chemical Society (ACS) and the American Society of Biochemistry and Molecular Biology (ASMB):

- ACS accredits the Chemistry major, and
- ASBM accredits the Biochemistry and Molecular Biology major.

A Brief History of Hampden-Sydney College

The mission of Hampden-Sydney College has been, since stated by its Founders in 1775, “to form good men and good citizens.” In continuous operation since the first classes were held on November 10, 1775, the College is one of the oldest institutions of higher learning in the United States and holds the oldest (1783) private charter in the South. The first president, Samuel Stanhope Smith (1775-1779), chose the name Hampden-Sydney to symbolize devotion to the principles of representative government and full civil and religious freedom, which the Englishmen John Hampden (1594-1643) and Algernon Sydney (1622-1683) had supported and for which they had given their lives. They were widely invoked as hero-martyrs by American colonial patriots, and their names immediately associated the College with the cause of independence championed by Patrick Henry, James Madison, and the other less well-known but equally-vigorous patriots who comprised the College’s first Board of Trustees. The first students committed themselves to the revolutionary effort, organized a militia-company, drilled regularly, and went off to the defense of Williamsburg in 1777 and Petersburg in 1778. Their uniform was a hunting-shirt, dyed purple with the juice of pokeberries, and gray trousers. Garnet and gray were adopted as the College’s colors when sports teams were introduced in the 19th century.

The College, first proposed in 1771, was formally organized in February 1775, when the Presbytery of Hanover, meeting at Nathaniel Venable’s Slate Hill plantation, accepted a gift of 100 acres for the College, elected Trustees and named as President the Rev. Samuel Stanhope Smith, College of New Jersey (Princeton) Class of 1769. Within only 10 months, Smith secured an adequate subscription of funds and an enrollment of 110 students. Intending to model the new college after his alma mater, he journeyed to Princeton to secure the first faculty and visited Philadelphia to enlist support and to purchase a library and scientific apparatus. Students and faculty gathered for the opening of the first winter term on November 10, 1775.

Retention Rates & Exit Reasons

Definitions

All data are calculated using Fall census reports. Retention is reported from two perspectives for first-time, full-time Fall cohorts:

- **Continuous enrollment:** The freshman-to-sophomore, sophomore-to-junior, and junior-to-senior retention rates reflect the students who were retained Fall-to-Fall, meaning they were consistently enrolled each Fall semester. For example, for the Fall 2020 cohort’s junior-to-senior retention rate, 96% (167/174) of juniors returned as seniors. These students were enrolled consecutively each Fall from Fall 2020 to Fall 2023. Students who withdraw and reenroll are included in overall (with reenrollment).
- **Overall (with reenrollment):** The overall retention rate per cohort, which includes reenrolled students, is also provided. Per IPEDS requirements, a student who exits the college and reenrolls is always included with his original cohort for retention rate calculations. For this calculation, the original cohort number is always used as the denominator. Consequently, overall retention rates are likely to be lower because we are looking at the total number of students who remained by the Fall semester of their senior year. For example, comparing Fall 2020 to Fall 2023, 78.5% (172/219) of the Fall 2020 cohort was enrolled in Fall 2023.
- **Exit Reasons:** Exit reasons are reported over a four-year period. For cohorts that have not reached the four-year graduation mark, exit data are updated annually, reflecting the total exit reasons per cohort as of the census date, September 3, 2024. Exit reasons describe the reason for withdrawal from Hampden-Sydney College for any reason other than graduation.

Library

Data represents fiscal year 2024.

- Walter M. Bortz, III Library continues to rank the 2nd best college libraries in the Princeton Review’s *The Best 390 Colleges* (published August 2024). Bortz Library is the highest ranked library in Virginia. [Princeton Review H-SC](#).
- To improve access to scholarly articles, Sirsi Dynix CloudSource OA+ replaced the EBSCO discovery layer. It integrates the paid databases with over 60 million Open Access articles. Students, faculty, and staff now have access to almost 200 million articles.
- The Federal Depository Library government documents and resources continue to be refined. A library resource guide for records relevant to the users improved access. All of these resources are freely available to all patrons including local consortium, Southside Area Libraries Sharing Access (SALSA) consisting of our own Bortz Library, Longwood University’s Greenwood Library, and Central Virginia Regional Library (Buckingham, Cumberland, and Farmville). [Federal Depository Library](#)
- Archive collections (Ancient Coins, Madison and Henry letters) fully processed and displayed, Walter Taylor Reveley II collection 50% processed, as well as Samuel Stanhope Smith 1805-1811 trilogy of lectures processed, digitized, and displayed.
- A webpage was added to the library website highlighting the various publications printed by H-SC including student publications and faculty/staff publications. [H-SC Publications](#)
